

Company Name:	Pan Arab Consulting Engineers
Industry:	Service (Consulting Engineers)
Head Office:	Kuwait
Locations:	1
Connectivity:	0
Implementation Duration :	90 Days
No. of implementor :	2
Modules Implemented:	Finance, HR & Payroll

Critical Requirements

Being a service company, major cost of the company is its human resources. To keep track of the employees vacation details, calculation of payroll, automated payslip generation and bank transfers. All this required a system with integrated HR and payroll module. .

How it was Achieved

Focus provided them with an integrated Financials, HR and payroll system which takes care of recruitment, appraisal system, employee attendance and payroll calculation. Apart form internal posting that it does to effect the employee posting to general Ledger, it mails the payslips to respective employees and a separate paysheet by bank is generated for respective banks to pass direct transfer from company account to employee account.
